

**Extraordinary USI.
Extraordinary Simplicity.**

Master

Imagine a painting system
that enhances your talent,
without complications.

With Master,
every choice
is not only right,
but also extraordinary.

MASTER

Uncompromising quality, unparalleled beauty

Master is designed for those who seek perfection without complications. A spray booth that combines **extraordinary performance** with an **intuitive user-friendly design** that turns every working day into a pleasure. Bet on Master and you will see your talent shine like never before.

Your cabin, your freedom

Master adapts to any requirement. Choose from different configurations and find the one that best **suits your space and budget**. Whether you choose the 7-metre version with 3 doors or a bigger cab with 4 wide-opening doors, Master is always the right choice to let you work with freedom and comfort.

A quality you can feel, a price you can appreciate

With Master, you get high quality materials and superior finishes without compromising your budget.

A breath of power: efficiency and reliability to guide you

Imagine working with a machine that reduces operating costs, increases efficiency and gives you the peace of mind that **every component is designed to last**. Master is not just power, it is an ally that frees you from everyday worries. The **direct ventilation system with backward blade turbine** allows you to work with maximum efficiency, while energy savings and **low maintenance** are guaranteed.

Tradition meets the future

Master combines the robustness of **established technology** with modern innovations. The new **smart control unit** optimises energy consumption with **advanced features** such as the automatic switch-off of LED lights during recirculation, while the advanced direct flame heating technology reduces drying times by 50 per cent. Every detail is designed to save you time and money, without compromising on quality.
